

Grove Road Pupil Premium Plan 2023-2024

The Pupil Premium is additional funding to help schools close the attainment gap between children from low-income and other disadvantaged families and their peers. If a child has been eligible for free school meals (FSM) at any point over the past 6 years or has been continuously looked after for at least 6 months (LAC) the school receives an amount per head within their budget. A provision is also made for children who have a parent in the armed services.

Grove Road Primary School is committed to ensuring maximum progress for all groups of children and strives to close any gaps by addressing inequalities and raising attainment of those students in low-income families. Targeted additional support strategies are planned to result in every pupil, being able to have full access to our curriculum and all our extra-curricular experiences.

Barriers to educational achievement		Desired Outcomes
A	Rise cases of Domestic Violence in the home	Include teaching children how to keep / stay safe through PSHE lessons and assemblies.
B	Low baseline assessments on entry to Nursery and Reception indicate poor communication and oracy skills.	Targeted support for speaking & listening throughout the EYFS department. The % of pupils meeting their developmental age band increases.
C	KS2 Language beginners who have limited support at home.	Rapid support for KS2 Beginner English children in order that they can access their year groups learning and meet most of the expectations by the end of KS2.
D	Lack of experiences outside of school which disadvantage children's thinking skills and development.	Enrichment Funding to cover the cost of as many trips and visits as is possible to enhance children's experiences. In turn Reading and Writing achievement is increased.
E	Low parental support for reading and writing with low aspirations which in turn results in poorer attitudes to homework and learning.	Daily open library sessions after school (funding for librarian). Closing of reading attainment gap across the school.
F	Inconsistent attendance for some pupils.	Benefits of attendance promoted both in assemblies, parent meetings and newsletters. Positive rewards for attendance such as book tokens and certificates. Reduction in PA
