Acting Head Teacher: Mrs Grace Beckford

Friday 7<sup>th</sup> June 2024

Dear Parents,

As we race into our final half term of this academic year the children will be investigating the question ‘Where are the Olympics in 2024?’. We will be learning all about the geographical features of France as well as learning about famous sites such as the Eiffel Tower. The children will be exploring nutrition and how this can help athletes perform at their best as part of their Science lessons. Please see below for more information about what your child will be learning within the individual subjects.
